

Skills Index

Below is an alphabetical listing of all activities found in the *Project WILD K–12 Curriculum and Activity Guide*. Also listed are the page numbers, suggested grade levels, settings (indoor or outdoor), and skills addressed for both cross-discipline and subject-specific areas. Under Grade Level, an **E** indicates that the activity correlates to national learning standards for grades K–4, an **M** for grades 5–8, and an **H** for grades 9–12. A **P** indicates that

the activity is also suitable for early childhood (pre-K). The specific skills for each subject area can be found on the Project WILD website at www.projectwild.org.

SYMBOL NOTE: The dot and triangle symbols are of equal value. They were used to help distinguish between the Cross-Discipline Skills and the Subject Area Skills.

Activity Name	Page Number	Grade Level/National Learning Standards Correlation	Indoors (I) or Outdoors (O)	Field Investigation	Cross-Discipline Skills										Subject Area Skills								
					Analysis	Application	Classification	Comparison	Construction	Description	Evaluation	Generalization	Observation	Problem-solving	Research	Synthesis	Science	Math	Social Studies	Language Arts	Environmental Education	Expressive Arts
